#### ○ Love & Basketball

My father and mother met for the first time during a community basketball game. Eventually they started dating and fell in love!

#### ○ Wedding Bells

My father and mother got married in a beautiful chapel called "Our Lady of Miraculous Medal" in Fernando Air Base, Lipa City.

#### ○ Oh Baby!

I was born in Lipa City, Philippines at Lasig Hospital.

#### ○ A New Life

When I was 5 years old, my family and I moved to Canada to live a better life. Migrating from a third-world country to a first-world one made me more grateful.

#### ○ Baby Nate

My little brother Nathan was born in Surrey Memorial Hospital. As I helped raise him, I realized the importance of being a good role model.

#### ○ GOLD

Team Canada won Olympic Gold for the first time in 50 years. I was inspired by the win and became a hockey fan. Thanks to my love for hockey, I made new friends and became more outgoing.

#### ○ Changing Lives

I graduated from Simon Fraser University and became a teacher. I now had the opportunity to make a difference in young lives and help prepare them for the future.

#### ○ Perspective Change

After dreaming and lots of thought, I finally decided to take control of my goals and book my trip to Europe. From that point on, I decided to more risks in my life and to go on more adventures.

#### ○ European Experience

I travelled to Europe for the first time. Seeing different parts of the world made me realize how amazing and vast life is. I became more grateful for life and the beautiful world we live in.

#### ○ Kaboom!

I was never an active person in my life and whenever I tried to be, I lost motivation easily. When I started to do kickboxing, I finally found something I loved to do to be me healthy and motivated.

#### ○ Balance

One of my biggest weaknesses in sports is my balance. Therefore, by the end of the school year, I want to be able to do a handstand and hold it for 5 or more seconds.

#### ○ Europe 2.0

I am going to Europe again to visit the countries I didn't see or revisit the ones I loved. I want to learn more about different cultures to expand my knowledge of the world.
